

UDAY DIWANE

DATA ANALYST

Amravati, India 444607 | +91 7773991424 | diwaneuday@gmail.com

SUMMARY

I'm an aspiring Data Analyst with a strong interest in exploring and understanding data. I've completed hands-on projects using Python, Power BI, Excel, and SQLite to analyze real-world datasets and build meaningful dashboards. Through self-learning and certifications from platforms like Udemy, Forage, and Be10x, I've gained practical skills in data cleaning, visualization, and basic SQL. I enjoy solving problems, finding patterns in data, and presenting clear insights that can help people make better decisions. I'm always eager to learn and grow in the field of data analytics.

TECHNICAL SKILLS

Python	Excel	Pandas	SQLite	PowerBI	PostgreSQL
Data Storytelling	Data Visualization	Data Cleaning & Transformation	Data Skills		

PROJECTS

Heart Disease Dashboard

Jul 2025 - Present

- Built an interactive dashboard to analyze heart disease data, including factors like age, gender, cholesterol levels, and chest pain types.
- Cleaned and structured raw medical data in Excel for better consistency and accuracy.
- Designed Power BI visuals such as pie charts, bar graphs, and slicers to highlight high-risk groups and key health indicators.

Supermarket Sales Dashboard | Python-Pandas, Excel

Jun 2025 - Present

- Created a terminal-based dashboard to analyze product-wise and month-wise sales.
- Implemented pivot tables and custom queries to simulate business KPIs.
- Simulated user purchase behavior and helped practice decision-making logic.

Virat Kohli Career Analytics Dashboard – Power BI

Jun 2025 - Present

- Created KPIs showcasing career highlights like total runs (24K+), centuries, fifties, and highest score.
- Designed custom visuals for year-wise, format-wise, and opponent-wise performance analysis.
- Integrated slicers for dynamic filtering by match type, opponent, and ground.

EDUCATION

Bachelor in Engineering

Expected in 2027

Prof. Ram Meghe College of Engineering and Management

- InformationTechnology.

Diploma in Information Technology

Sept 2021 - Jun 2024

Government Polytechnic Washim

ADDITIONAL INFORMATION

- Languages:** English, Hindi, Marathi.
- Certifications:** Python Begineer to Advance CodeWithHarry(Udemy), Data Analysis Job Simulation Deloitte(Forage).
